

2024 New Ventures Fellowship – Applications due by Friday, September 12th 5 PM!

UCLA Innovation Fund

The UCLA Innovation Fund's goal is speed technologies from idea to the market, bridging the gap between academia and industry / investor interest. We partner with and invest in promising technology teams on campus to identify markets and de-risk technologies.

Innovation Fund Fellowship

The Innovation Fund team at the UCLA Technology Development Group (TDG) works closely with portfolio teams to identify their potential market and their go-to-market strategy. Work with the team to complete scientific and commercial due diligence and to create and refine a pitch deck, under the close tutelage of the Innovation Fund team. We are seeking motivated UCLA graduate students (including MBA students) interested in life sciences (Therapeutics and Medtech) technology commercialization to help support us in this process as Innovation Fund Fellows. Candidates will ideally have a background in life sciences and/or engineering. This is an excellent opportunity for students seeking to pursue careers in consulting, entrepreneurship, or venture capital.

Activities include:

- Market analysis
- Competitive analysis
- Technical and commercial risk assessment
- Regulatory Analysis
- Reimbursement Analysis
- Pitch Deck Creation

Innovation Fund Fellows are expected to dedicate up to 10 hours per week and are paid at a rate of \$20/hr.

- Fellowship term (paid): September 19th -Dec 2024

If interested in applying, please submit a resume and brief statement of interest to matthew.savary@tdg.ucla.edu with subject **"Innovation Fund Fellows 2024"**

Note: All or part of this program may be conducted virtually
